

"Greater Depth in Primary Science"

For Primary Science teachers and leaders

24th March 2020, 9.30 am – 3.00 pm

This course will advance your understanding of:

- The nature of greater depth in science.
- How to plan tasks that will allow pupils to gain greater depth, with practical examples from science.
- How to assess pupils understanding through a series of time efficient ways that do not add to workload.
- Developing expectations of pupils' work.
- How to design a depth driven curriculum.

Take away from the course:

- Examples of greater depth tasks and questions from science.
- Example planning frameworks.
- Assessment advice.
- Examples of pupils work to help you create your own moderation materials.

Chris Quigley- course leader

Chris Quigley is a specialist in primary education. He has been a Teacher, Head Teacher, Lead Inspector and Trainer of School Inspectors. He is best known for his inspiring talks and his clear, easy to use support materials. He is also a publisher and a Director of Chris Quigley Education, where he leads a team of specialists, delivering inspiring training and talks all over the world.

Cost: Conference priced at £95.00 per (first) delegate - subsequent delegates from same school £70 per head.
