

Fully Funded Subject Training

MODERN FOREIGN LANGUAGES

Do you want to improve your MFL subject knowledge?

New cohort starting early 2018 (course dates to follow)

As part of a national initiative, Campus Stockton Teaching Alliance is offering non-specialist teachers the opportunity to upskill their ability to teach MFL. This is an ideal opportunity for MFL departments to develop their capacity for teaching GCSE MFL by training other teachers to teach French, Spanish and German.

The course is suitable for teachers from other subject areas who have experience in a language (to A level standard). The course is also suitable for primary school teachers with an interest in teaching KS 3/4 MFL, as well as qualified teachers who are returning to the profession after a break.

The course will be led by MFL specialists in partnership with online support from local universities.

Professional accreditation and a £200 bursary is available.

All training is free to schools and participants.

Visit www.stocktonteachingalliance.org.uk and register your interest via the [bookings page](#)
